PROJECTS

[GitHub.com/Haondt](https://github.com/haondt)

A catalog of my more recent projects, including a Rubik's Cube solving machine, a Python bot that interfaces with Reddit and Twitter and a (small but growing) personal website.

[Instagram.com/Nfishlabs/](https://www.instagram.com/Nfishlabs/)

An Instagram page where I post about my endeavours in 3D printing.

LEADERSHIP

Special Materials Talk

February 2015

Presented to a public audience on the topic of special materials at Startup Edmonton

TEDx Youth

November 2016

Presented at TEDx Youth Edmonton on the topic of Using 3D Printing to Ideate Projects
